ICE ROOM | SAUNA | STEAM ROOM | SPA | STAINLESS STEEL POOL

Welcome

Founded in 2020 in the heart of the Valais region of Switzerland, Astier Wellness specialises in the design and creation of made-to-measure wellness areas. We put our expertise at the service of your projects by creating saunas, hammams, stainless steel pools with skimmers, overflows or mirrors, as well as spas tailored to your desires and needs.

AstierWellness

Our passionate team combines craftsmanship and innovation to create aesthetic and functional installations that meet the highest standards of quality and durability. The choice of materials is our priority; we carefully select elements that guarantee not only the beauty of your installations, but also their longevity and performance.

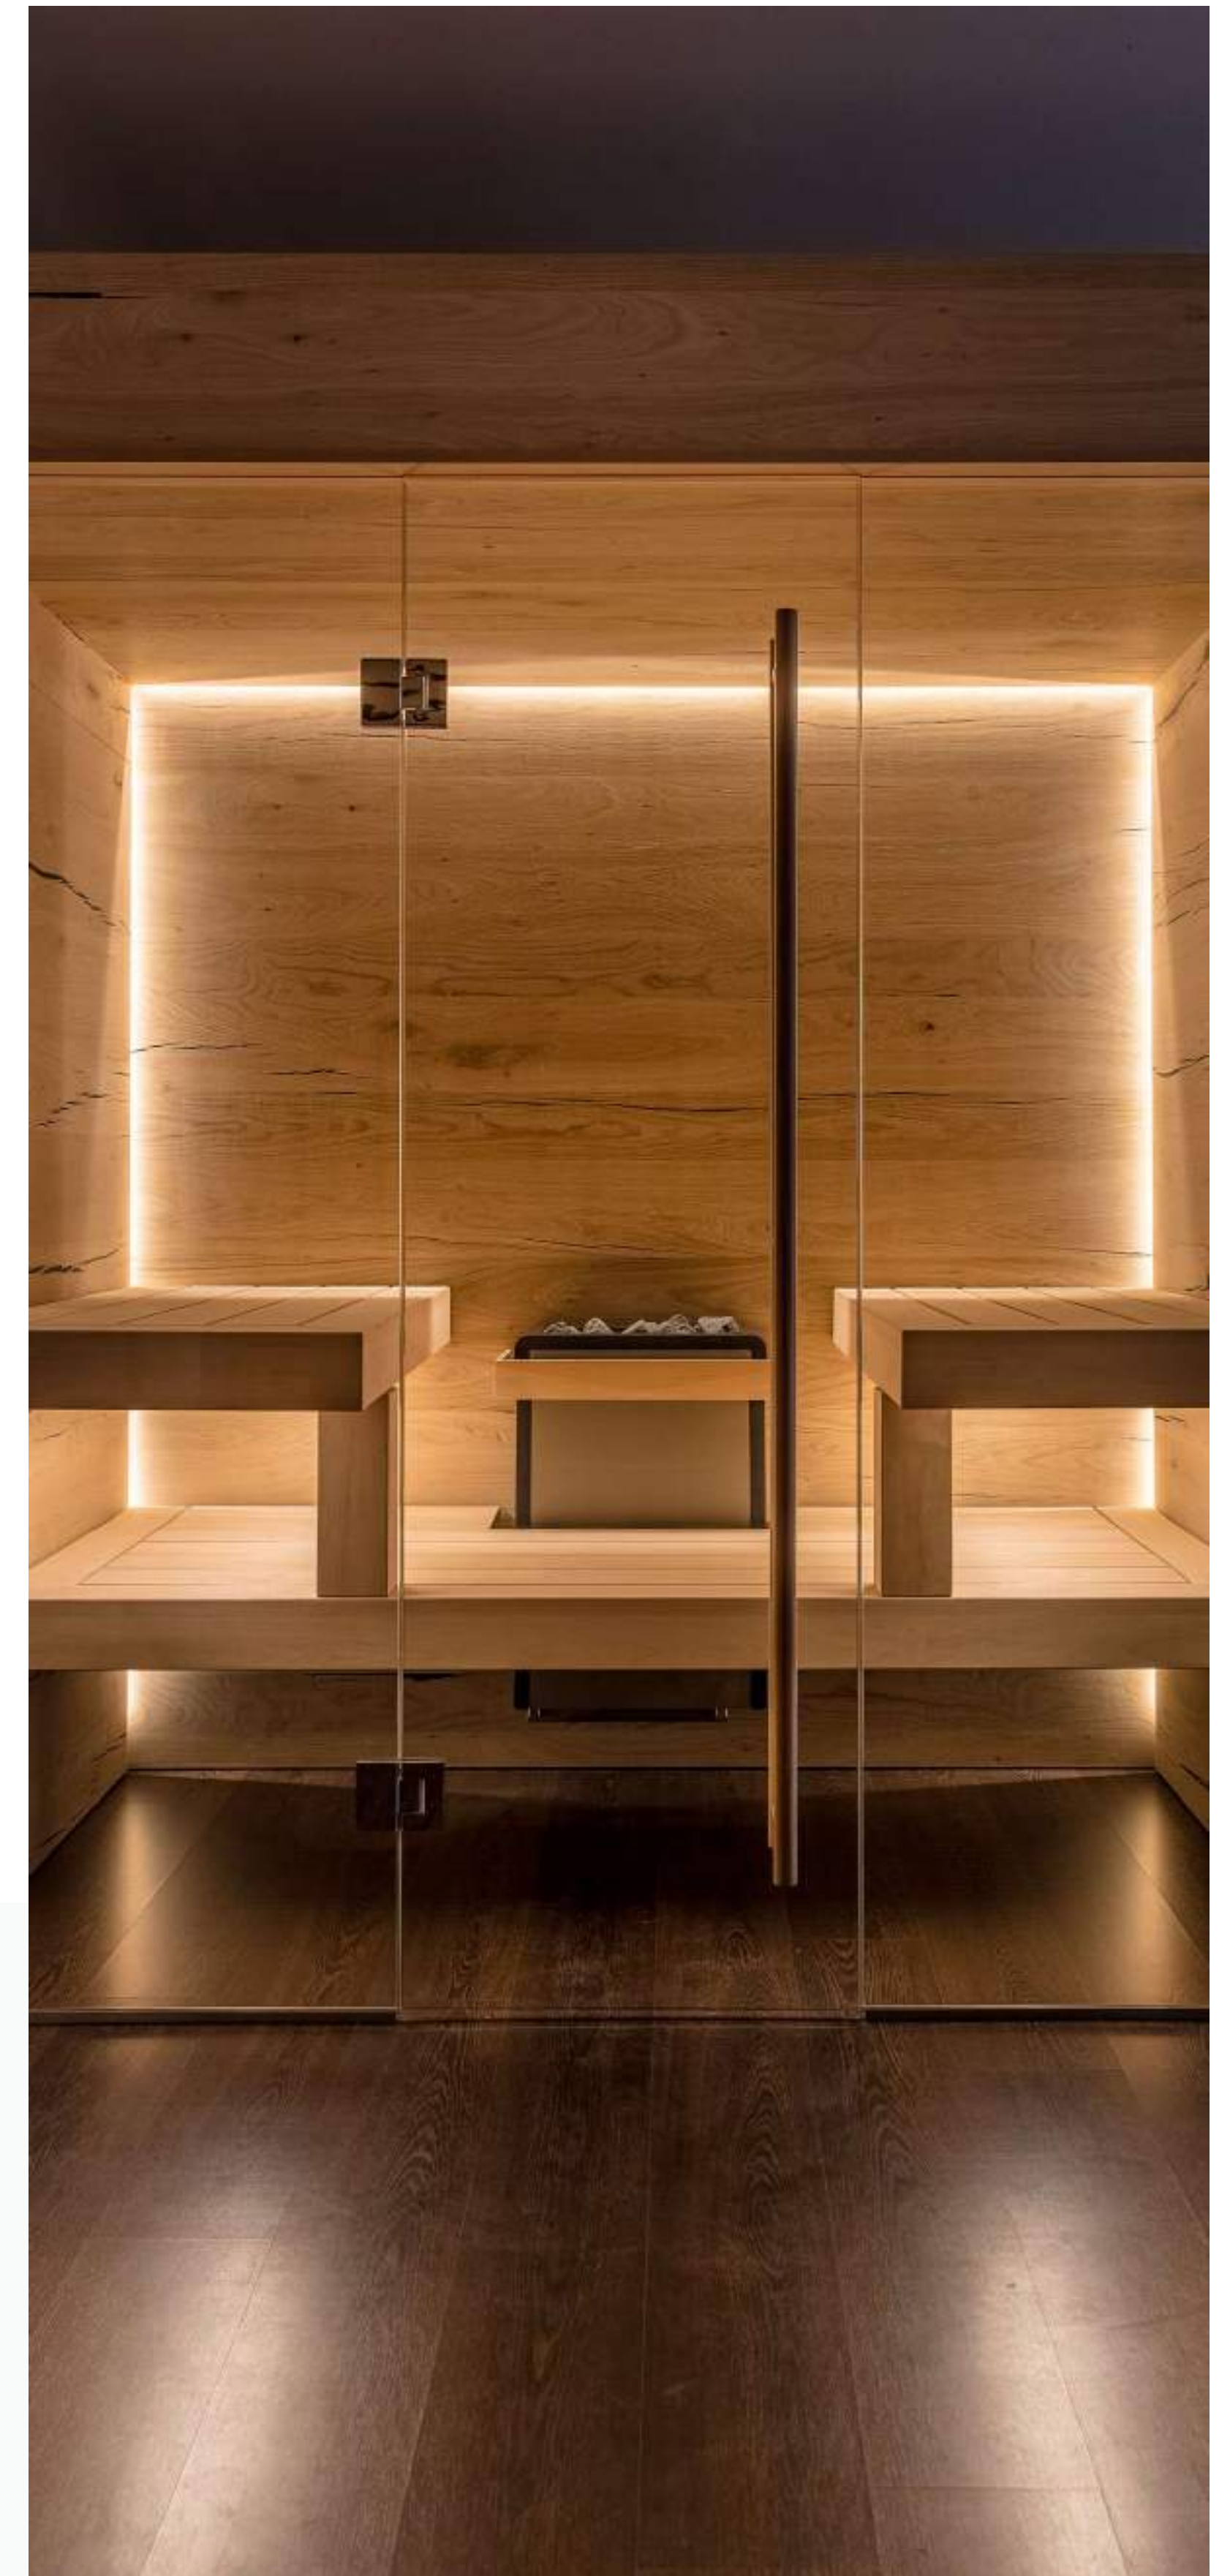

Vision & Mission

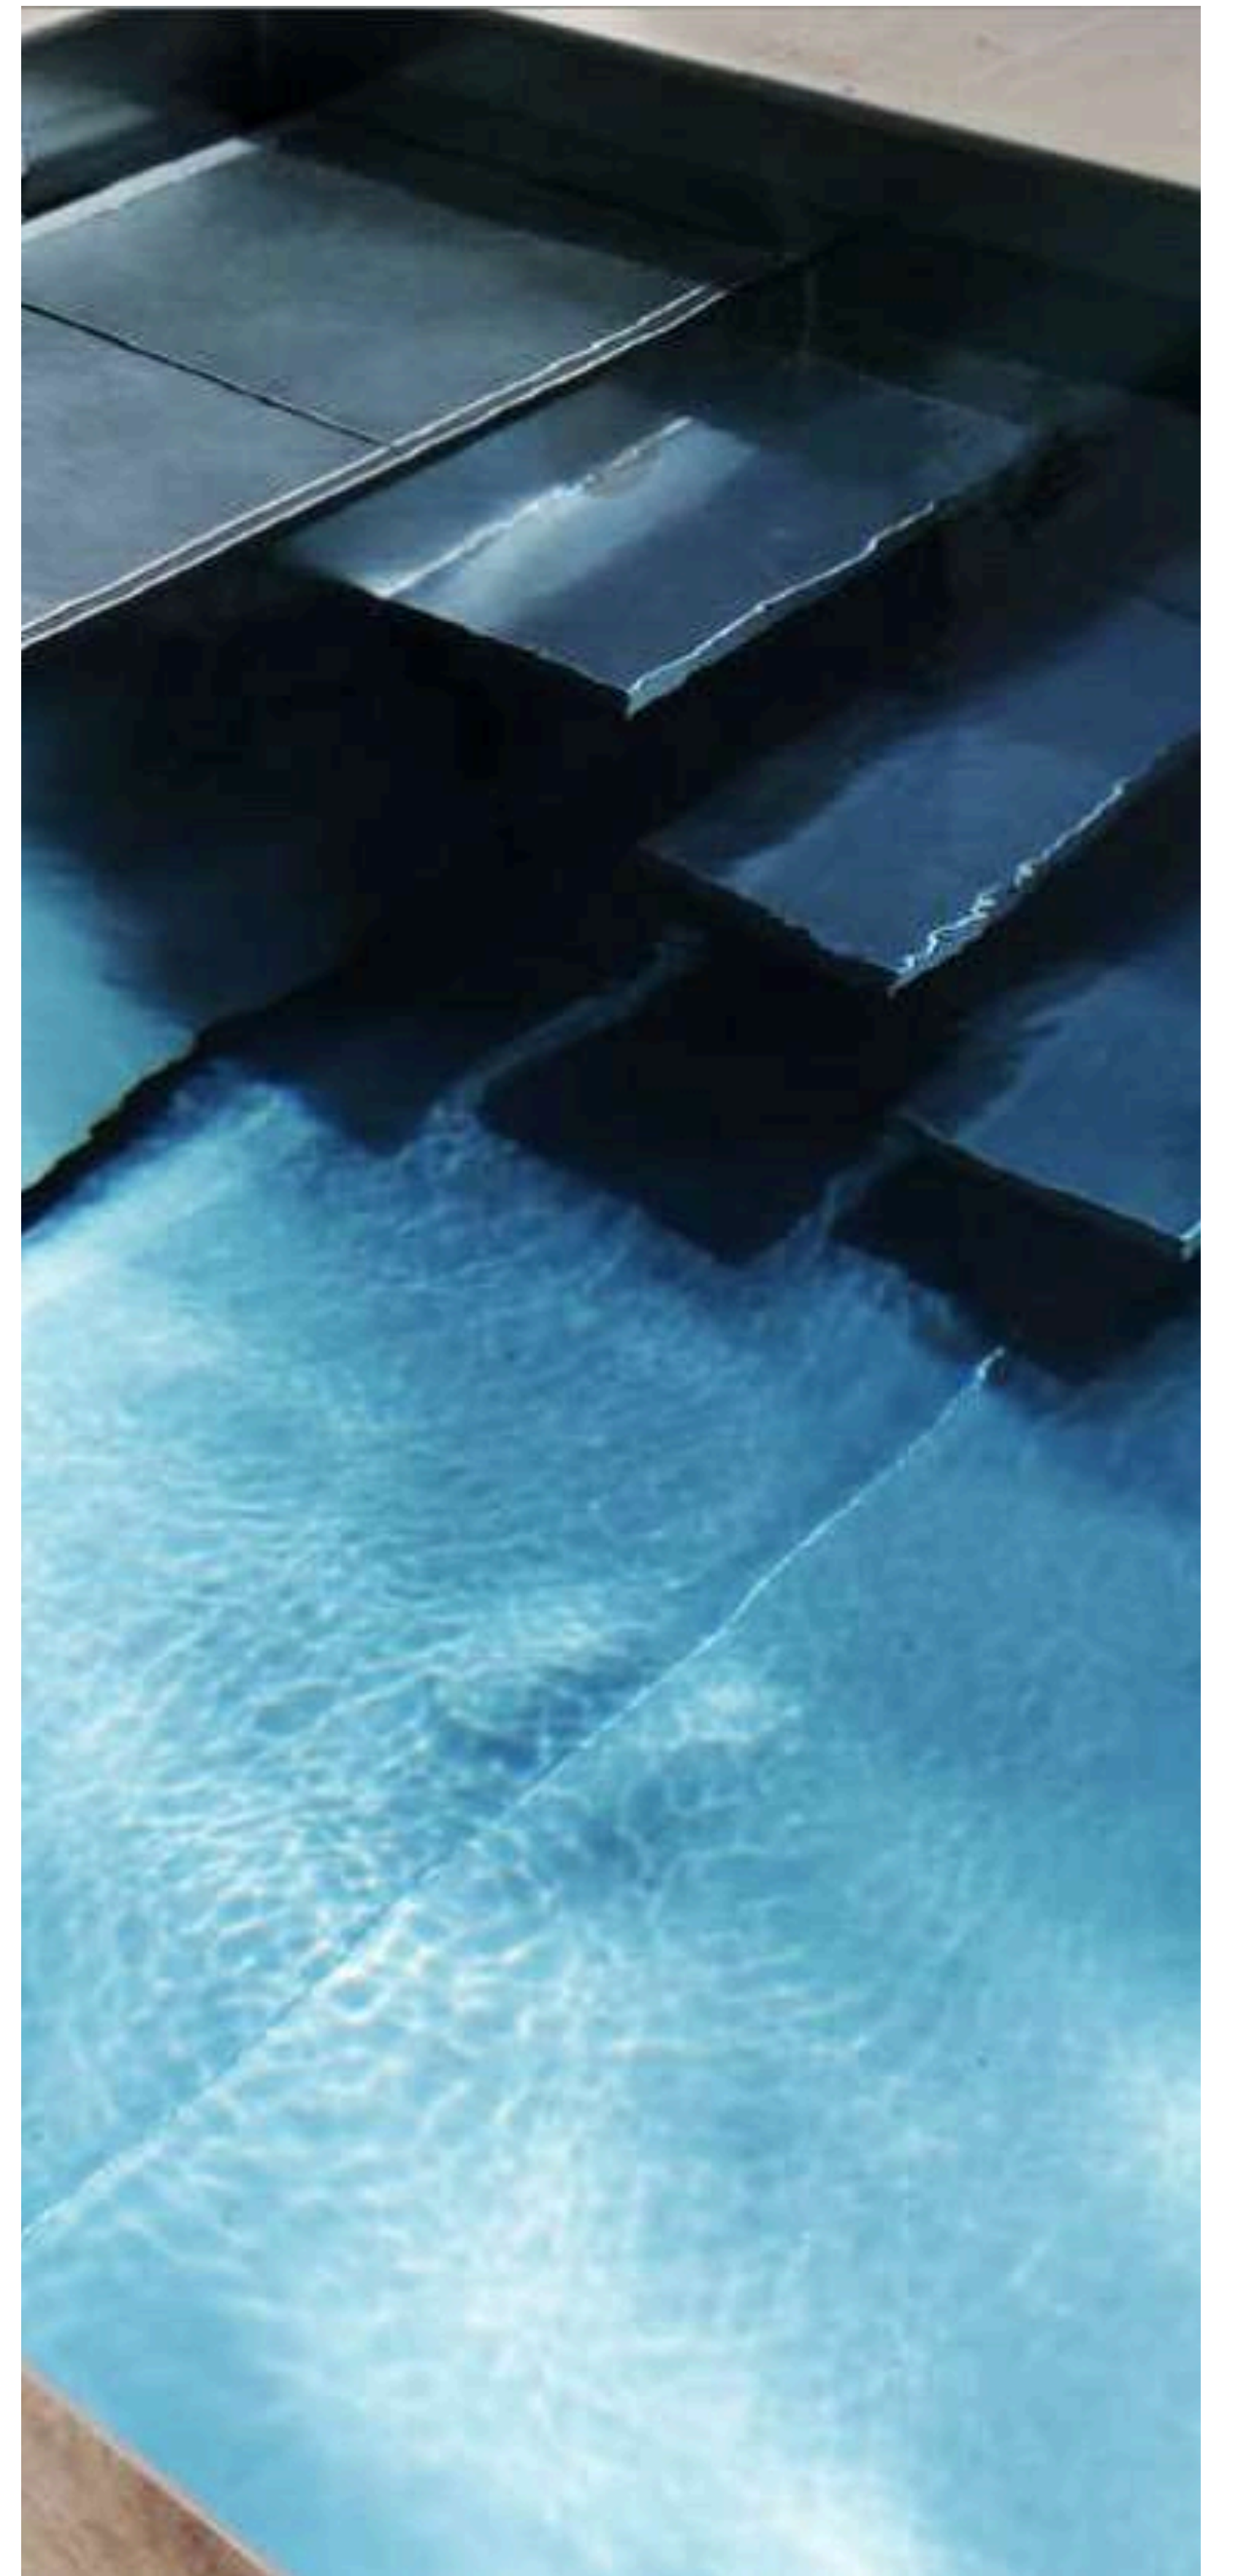

At Astier Wellness, we believe that every wellness space should reflect harmony and serenity, transforming your daily life into an unparalleled experience of relaxation. We are committed to supporting you at every stage of your project, from conception to completion, to create unique spaces that meet your expectations and offer you a true haven of peace.

Discover with us a world where well-being and design come together to enhance your living space.

Sauna - Swiss Edition

The design of Swiss Edition Astier Wellness saunas is based on a rigorous selection of top-quality wood, ensuring both solidity and aesthetic appeal. We use sauna boards made from aspen, heat-treated aspen, alder and spruce, chosen for their excellent insulating properties and durability.

Astier Wellness stands out for its exclusive line, combining meticulous design with top-quality materials to deliver an unrivalled experience. Each sauna is designed to be a true haven of well-being, while adding a decorative touch to your home.

A photograph of a modern wooden sauna interior. The walls and ceiling are made of horizontal wooden planks. A black Harvia heater is positioned in the foreground, filled with rocks. A white towel is draped over a wooden bench in the background. The lighting is warm and ambient, highlighting the wood grain.

Build Your Wellness.

Sauna - Exclusive Line

The manufacture of Exclusive Line Astier Wellness saunas is based on a meticulous choice of high-quality wood, guaranteeing durability and aesthetics. The interior panels are treated with a special process that improves the strength and stability of the wood, enhancing its insulating properties and durability.

Astier Wellness also makes a point of offering an exclusive line, combining refined design and premium materials to create a unique experience. Each sauna is designed to be not only a wellness space, but also a genuine interior design feature.

A photograph of a modern sauna interior. The walls and ceiling are made of dark wood. The benches are also made of wood. A textured, grey wall is visible in the background. A small table with a dark top and a wooden base is positioned between the benches. The text "Take Care of Yourself." is overlaid in the center in a large, white, italicized font.

Take Care of Yourself.

Hammam - Steam Smoke

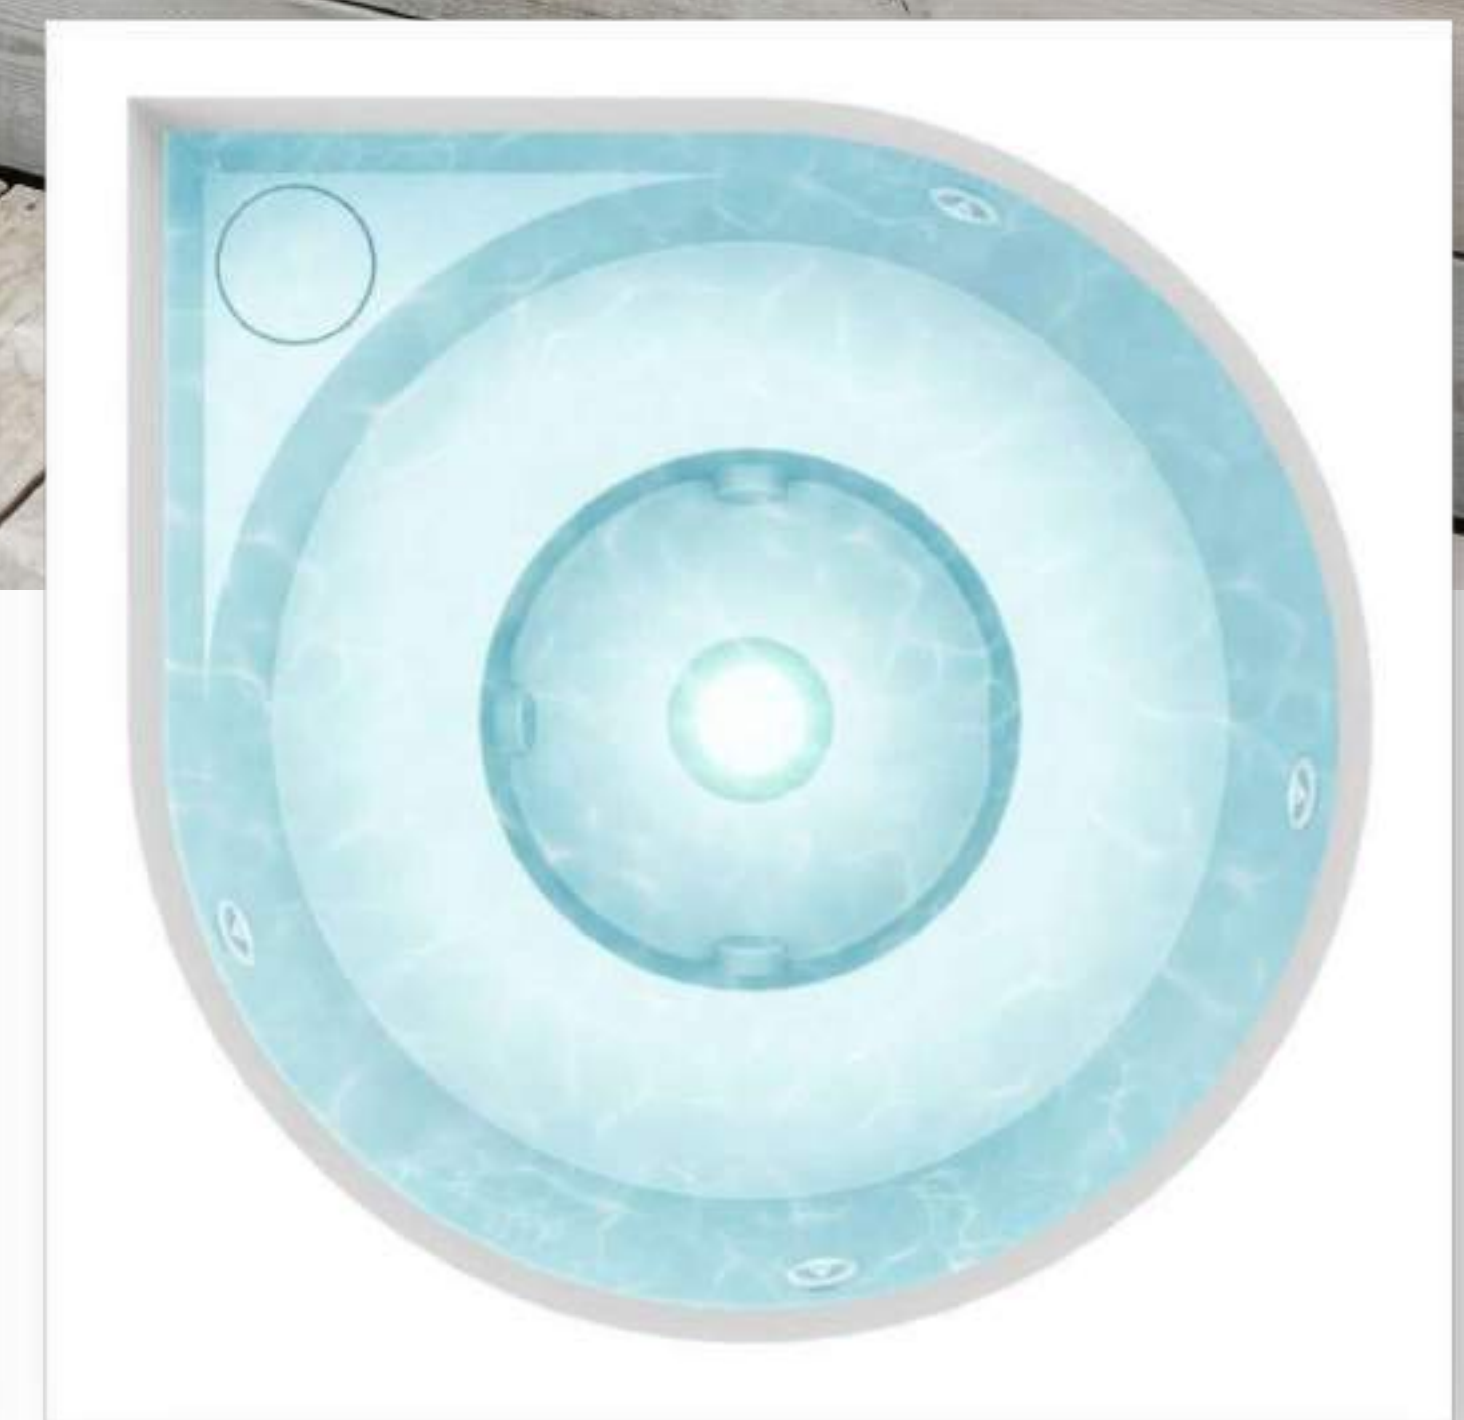

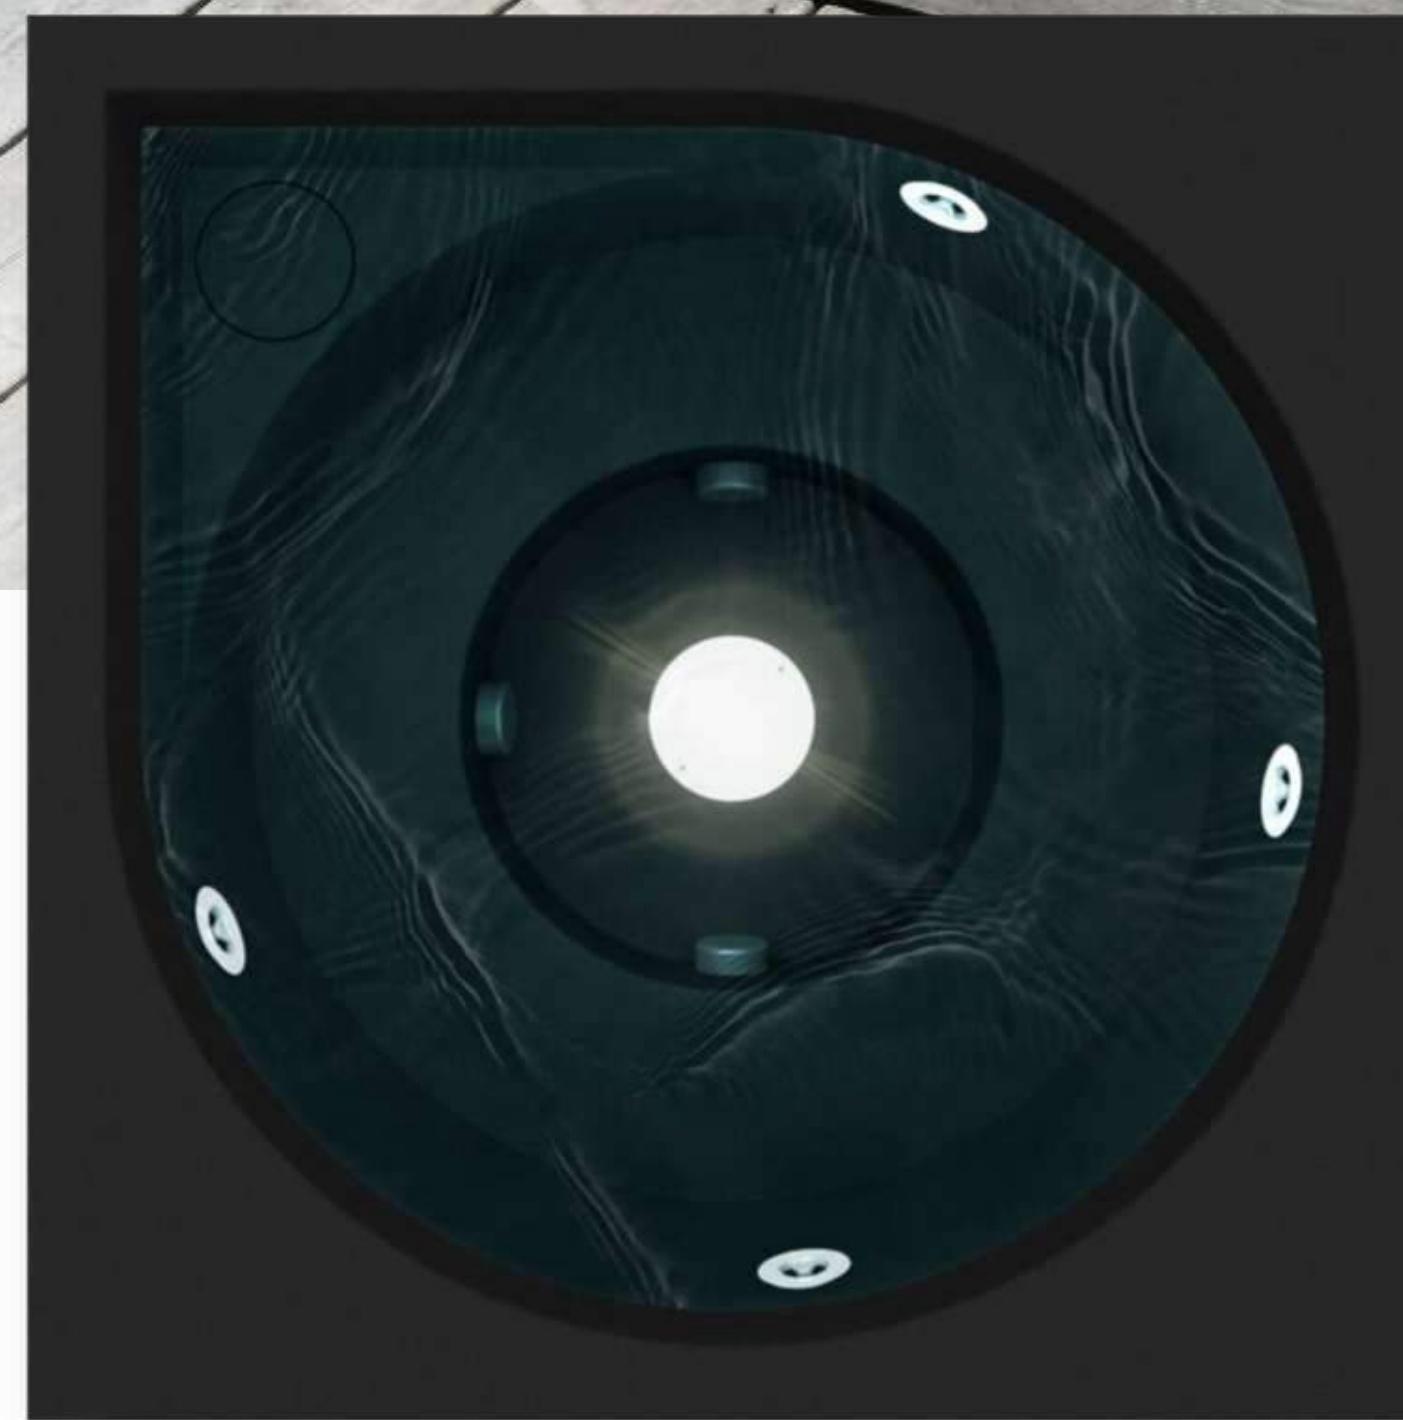

Designing a steam room today combines modern comfort with the heritage of traditional oriental steam baths. A high-end hammam is crafted with noble materials and refined lighting for a unique sensory experience.

This hammam features durable, high-quality materials like tiles and stone, chosen for their resistance to humidity and heat. Smooth tiles ensure easy maintenance, while natural stone adds an organic and timeless charm.

Lighting enhances the ambiance, with LED spotlights for accenting architectural features and discreet starry sky effects for relaxation. Integrated LED strips under benches and in corners create a floating effect, enhancing the sense of well-being. By blending premium materials with modern lighting, this hammam delivers a luxurious, elegant, and soothing experience.

Spa Drop

Discover the Drop Spa, the perfect fusion of comfort and aesthetics! With exterior dimensions of 220 x 220 cm and a Ø diameter of 195 cm, it is designed to blend seamlessly into your outdoor space. Its minimalist, sleek, and contemporary design makes it a true decorative asset.

We offer 4 different models, providing flexibility in choosing your preferred options. The Drop Spa features 4 to 5 massage seats, comfortably accommodating up to 8 people.

A serene winter scene featuring a hot tub in a snowy forest at night. The hot tub is illuminated from within, and a fire pit with a glowing fire is positioned next to it. The background shows snow-covered evergreen trees and a dark sky with stars. The overall atmosphere is peaceful and cozy.

Drop Yourself.

Stainless Steel

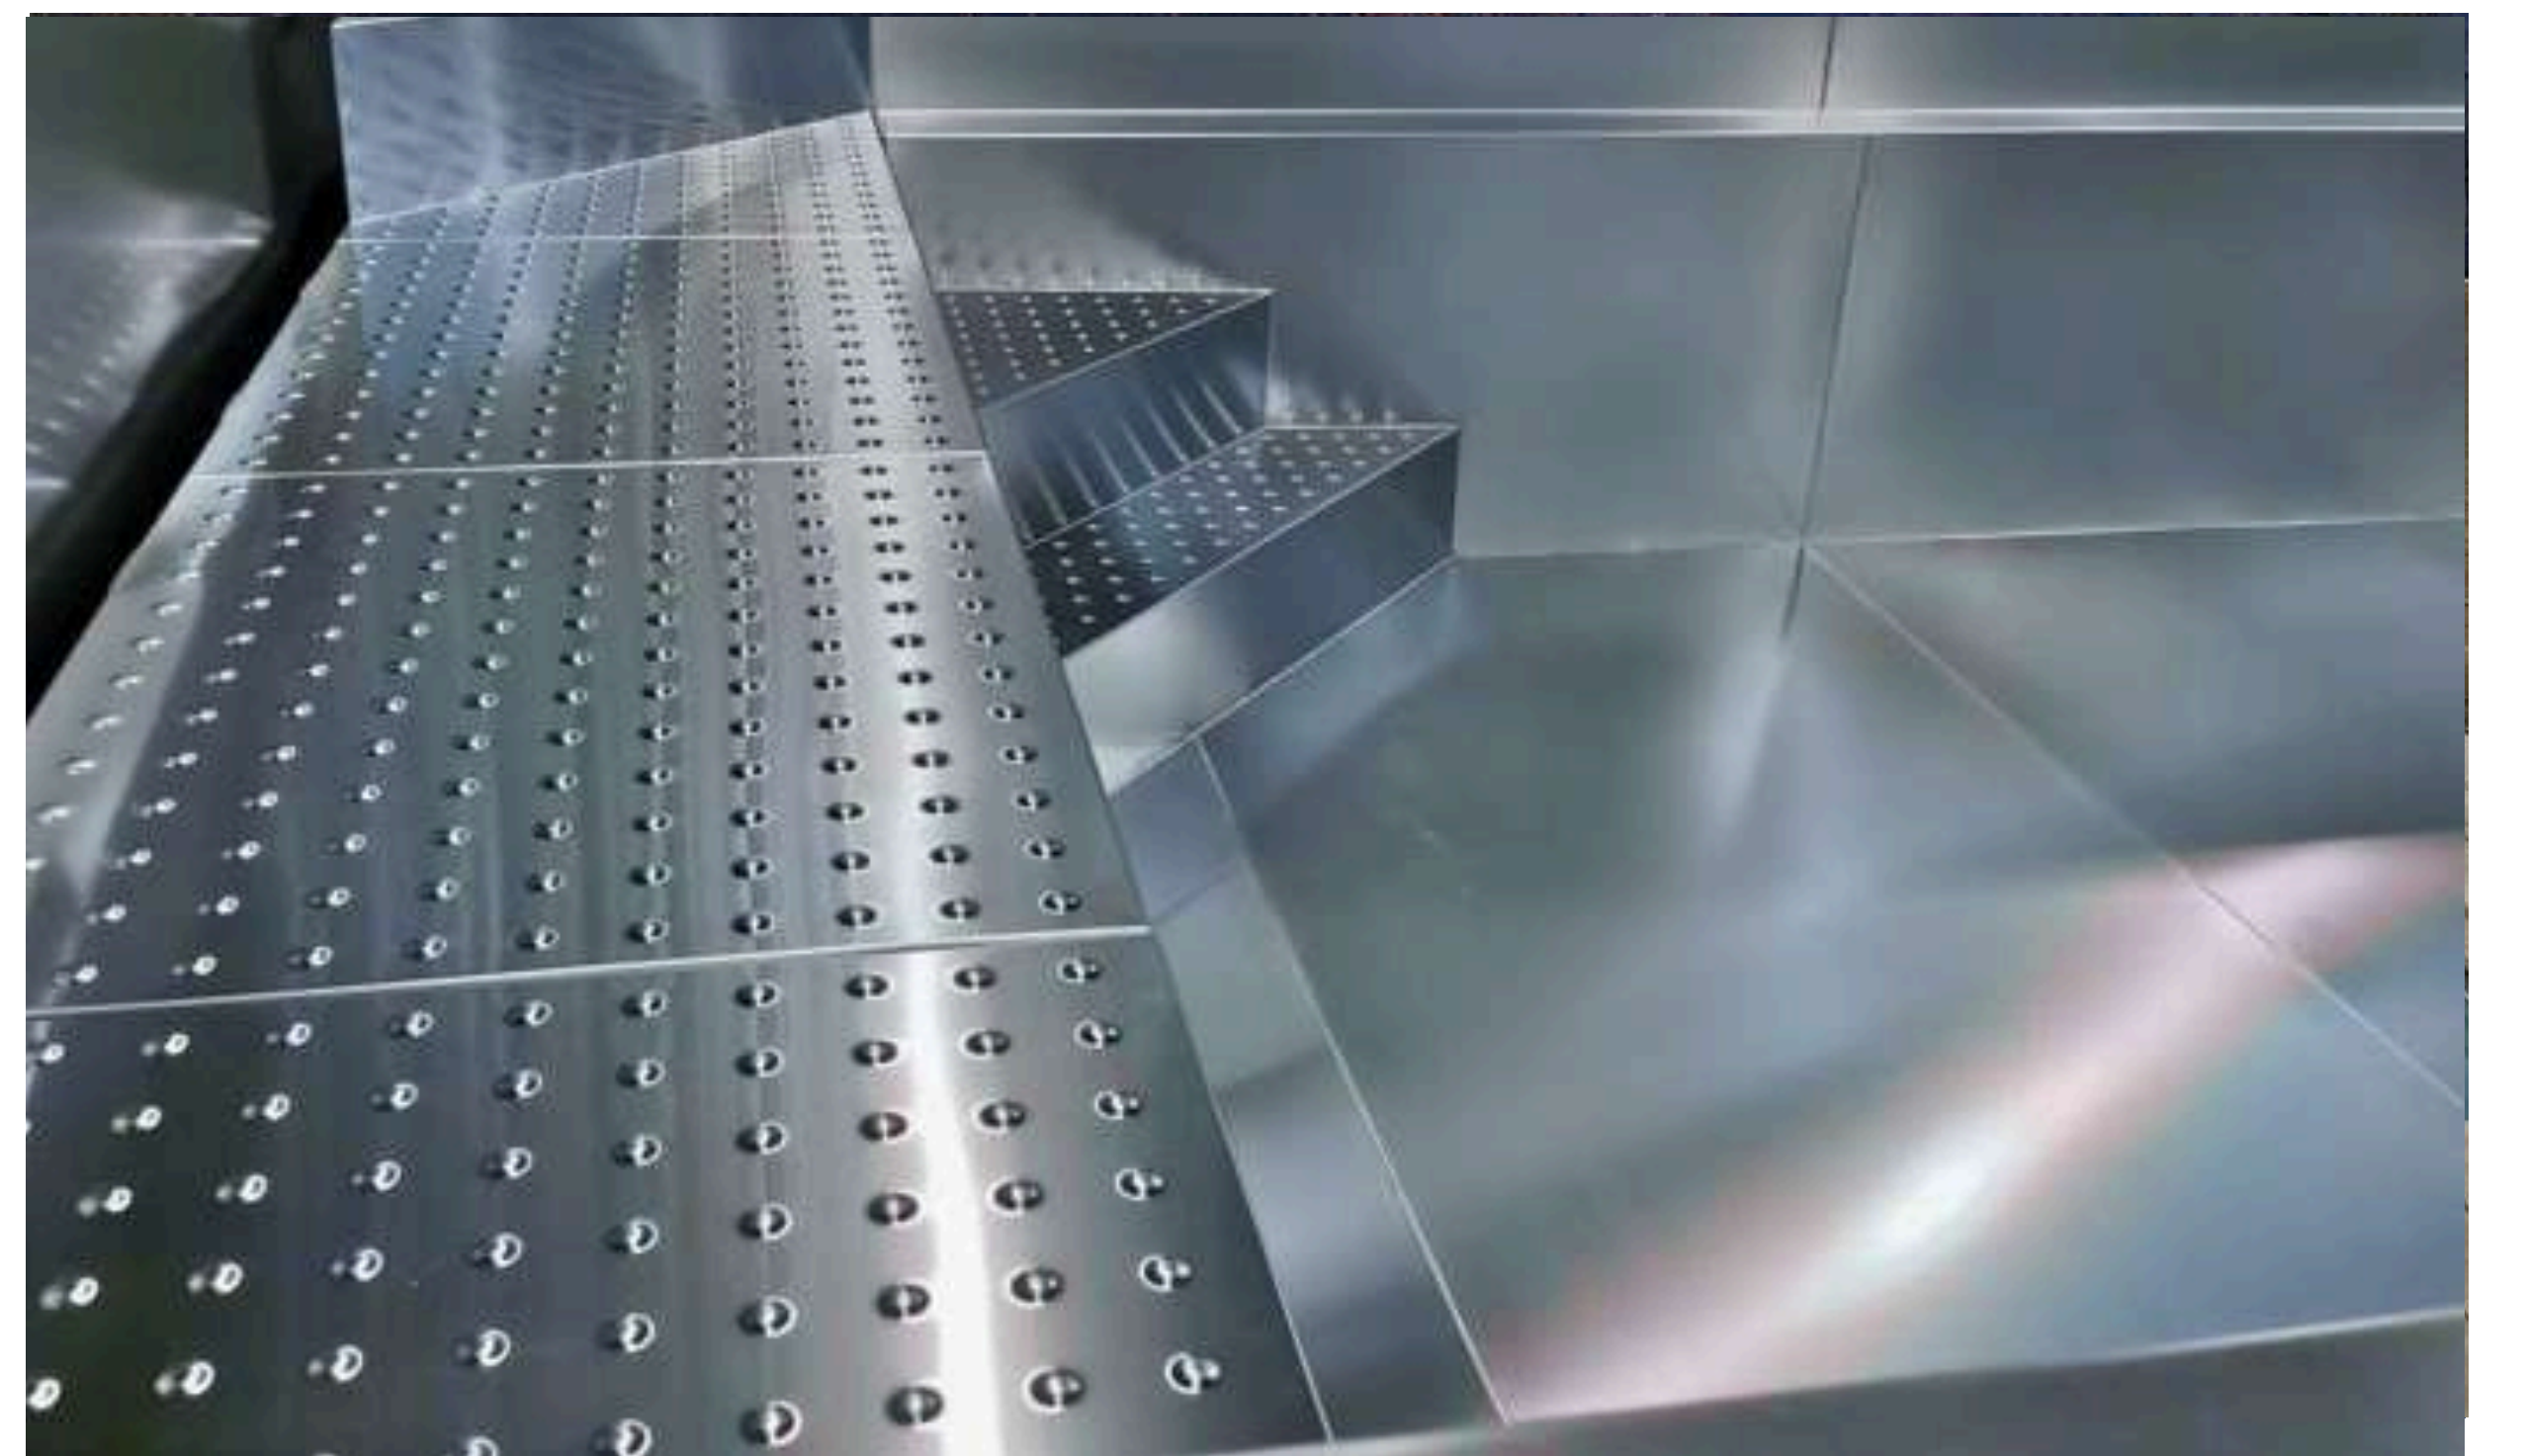

Swimming Pool

Designing a stainless steel pool combines aesthetics, durability, and innovation. Key steps include feasibility studies, site preparation with stable foundations, and precise assembly of corrosion-resistant stainless steel panels for a modern look. Rigorous waterproof testing ensures durability, and advanced equipment like LED lighting and massage jets are integrated. Benefits include hygiene, impact resistance, sleek design, and eco-friendliness, as stainless steel is 100% recyclable.

Pool Sizes (in meters) :
